WHY HIRE FÊTE TO PLAN YOUR WEDDING?

- » **Time:** We will save you time. This is our profession, so let us help you. Once you are engaged, life doesn't stop. You still have work and family obligations. With Fête Studio, we can handle the wedding prep legwork. We will research key vendors, locations, etc., as well as provide you with a detailed month-to-month timeline to keep you on track.
- » **Vendor Negotiation:** Allow us to be your "go-to" person. We will work diligently to stay within your budget and lock in the best rates. Our buying power is much larger than that of an individual, and we are able to bring repeat business to our top vendors. This allows us to secure great industry rates for your wedding!
- » **Custom Design:** We know that no two events are the same, and we like to keep it that way. We want to bring your unique vision to life. To help achieve originality, our creative team works to develop custom color palettes specifically for your occasion.
- » **Day-of Assistance:** What bride wants to wear a watch on her wedding day? Allow our team to keep you on schedule the day of your wedding. You won't even know we're there, yet your event will run seamlessly. We confirm and communicate with all vendors, so you can relax and enjoy your big day.
- » **Advice:** We can offer you unbiased advice. Sometimes it's nice to have an opinion from someone outside your family or wedding party—and we are here for you.
- » **Stress Management:** Enjoy being engaged! You now have a new lifelong journey of merging families and friends. Bridal showers, engagement parties—they're all going to start coming fast! Enjoy those special times, and let us handle the rest.
- » **Problem Solving and Crisis Management:** Sometimes things don't go according to plan. Let our experienced team deal with any issues that may arise so that you can focus on what matters most.
